Couples Workshop
Working on Your PhD in Marriage: The First Ten Years

Lui Campos, LCSW
luicampos@cox.net

“Did you ever expect to be so lucky as to be married to you know who...?
Did you ever expect that getting along for the long haul would take so much work?”

A Couples Workshop entitled “Working on Your PhD in Marriage: the First Ten Years” is being offered by our church Social Ministries Committee in conjunction with the Behavioral Health Department of Baton Rouge Catholic Charities.

The workshop is specifically for couples who feel that they would like to strengthen their marital relationship by learning how to deal with the many complex and difficult challenges of everyday married life; for example, such issues as

- faulty communication
- unproductive problem solving

Learn about the 10 qualities for your PhD in Marriage (Philosophy of Durability)

The workshop will be held at the Parish Activity Center on Monday, January 30th from 6:00 to 8:30pm. A jambalaya dinner precedes the workshop. There will be a fee of \$20.00 per couple. No babysitting is available.

The presenter is Mr. Lui Campos, a Licensed Clinical Social Worker, who has had 25 years of practice in Family and Marital counseling. He has been under contract with Baton Rouge Catholic Charities for thirteen of those years.

For more information or to register see www.olomchurch.com or contact Anne Russo at 926-1883 or arusso@olomchurch.com . This workshop promises to be a very interesting and worthwhile event.
